Shred-it's Sustainability Achievements

Thank you for working with a brand that's committed to sustainability. At Shred-it, our information destruction services ensure the security and integrity of private and confidential information. Our work with organisations supports a circular economy and we're proud to provide a valuable source of paper for recycling into high-demand products. We are committed to constantly learning, developing, and considering the ways that we can reduce our impact on the planet.

In 2021, Shred-it UAE recycled a staggering 1,200 metric tons of paper.
Here's the equivalent positive environmental impact of that paper recycling.

Shred-it's Sustainability in the UAE

Approximately
329M
lbs of CO$_2$ absorbed

This is equal to saving 22,000 trees [1]

Approximately
5M
kilowatts of energy saved

This is enough to boil water for around 641,025 cups of Ghawa Arabi. [3]

Approximately
3,900
cubic yards of landfill saved

This is equal to nearly ¼ of the finest Carrera marble used in the construction of the Burj al Arab [2]

Approximately
34M
litres of water saved

This is equivalent to filling the rooftop infinity pool at Dubai's Palm Jumeriah around 36.5 times [4]
