

# Dispose of COVID-19 vaccine packaging securely and compliantly

The National Health Service (NHS) in the United Kingdom deem COVID-19 vaccine packaging to be confidential as per their COVID-19 Waste Management Regulations. At Shred-it we support the local vaccination drive here in the UAE by offering the secure shredding & disposal of COVID-19 vaccine packaging. Contact Shred-it for a secure, on-site shred and recycling service.

Whether you're a hospital, pharmacy, GP surgery or another healthcare facility, Shred-it® can help you dispose of the vaccine packaging safely and in compliance with regulations.

## Our service offers:

- » Regular and one-off collection
- » On-site destruction
- » Consoles or white sacks, depending on your service requirements
- » Protection guarantee with our secure chain of custody
- » Certificate of Destruction for every service
- » Environmental Certificate for every service
